

# Badger Ordnance

## Installation of the 1005-306-59 Embedded Front Rail (EFR) For use with the A/ N PVS-22 and similar systems

This work must be performed by an Armorer or Gunsmith familiar with these type of rifles.

fig.1

1. Using a 1/4" dia. End mill or smaller, Mill a rectangular pocket in the forearm of the stock that corresponds with the dimensions in Figures 1&2.
2. Check fit, insert lower half of the EFR and then install barreled action, mount top of EFR. Check for clearance all around the barrel.
3. You may need to adjust the inlet for the action so that the barrel is centered on the EFR.
4. After fitting, bed the lower half of the rail into the stock with Marine-Tex (recommended). You may choose to thread a sling swivel stud into the mount, do this now. Allow the adhesive to fill the tops of the 3 counter bores in the mount's bottom.
5. Make certain that the 6 screw holes on the top of the mount are clear from adhesive, clean all excess adhesive before it sets.
6. When the adhesive has set, install barreled action and top of EFR mount.
7. Mount the side accessory rail as needed.

You may choose to thread the Sling swivel stud into the base of the EFR.

This product is sold "as is" and without any warranty. No liability is expressed or implied for damage or injury which may result from the improper installation or use of this product.

Made in USA

Thank you for choosing Badger Ordnance to install your EFR.

All work is performed at our service center and carries a turn around time of 2 weeks in house.

Listed below are a few requirements that will ensure prompt processing and return of your completed installation.

1. We cannot inlet the following stocks:
  - Hogue over mold stocks
  - Any plastic injected molded stocks
  - Please see *fig.4* on reverse side for minimum stock dimensions.

**WE WILL NOT INSTALL OTHER COMPANIE'S NIGHT VISION MOUNTS.**

2. All orders are shipped via UPS Ground and require a **physical street address for delivery.** UPS will not deliver to a PO box.
3. Be sure to include ALL payment information on this form. We cannot call for payment information. Credit card orders without the card information will not be processed.
4. We will need your barreled action along with your stock for correct fit.
5. You may also purchase extra side rails when you send the stock. EFR comes with one (1).
6. The actual cost of shipping will be determined when work is completed.
